Company to Host Four Sales with High-Value Industrial Manufacturing Assets on its Global Marketplace, GoIndustry DoveBid

WASHINGTON--(BUSINESS WIRE)--Aug. 17, 2016-- [Liquidity Services](#) (NASDAQ: LQDT), a global solution provider in the reverse supply chain with the world's largest marketplace for business surplus, is pleased to highlight four private treaty sales of industrial manufacturing (IM) assets located in Mexico and the United States. Information about the sales can be found on [GoIndustry DoveBid](#) (www.go-dove.com), a Liquidity Services marketplace where more than \$1 billion of IM assets across 450 categories have been sold to a global audience of registered industry buyers.

Featured sales include:

[IM #501558](#) is a private treaty sale for assets located in Pekin, IL from a Fortune 100 global construction equipment manufacturer. The sale, which closes at 5 p.m. EDT on August 31, 2016, features five unused, late-model AVL Omega Hydraulic Engine Dynamometers and one unused, late-model AVL DynoRoad foot-mounted asynchronous dynamometer.

[IM #531011](#) is a private treaty sale for two 2005 FANUC R-2000iA series industrial robots with SYSTEM R-J3/B intelligent controls located at the Ramos Arizpe, Mexico assembly plant for a Fortune 50 American automobile manufacturer. The sale closes at 5 p.m. EDT on August 31, 2016.

[IM #501569](#) is a private treaty sale for more than 75 assets from the Fitzgerald, GA production facility of a multinational power management company. Specific items offered include multiple Davis-Standard and Egan Saber extruders, Conair Wortex Model JC10 granulators and Gwinnett Industrial Machine dual winder/spoolers. The sale closes at 5 p.m. EDT on September 6, 2016.

[IM #501580](#) is a private treaty sale for a 2004 Calgon Carbon Rayox® UV oxidation system from the Greenfield, MA production facility of a global Fortune 100 commercial and consumer products manufacturer. The sale closes on September 30, 2016 at 4 p.m. EDT.

"Industrial manufacturers are constantly looking for new ways to capitalize on synergies and enhance efficiencies across their total supply chain," said Gardner Dudley, President of Liquidity Services' Capital Assets Group. "Liquidity Services understands this need. We have extensive experience developing and implementing agile solutions for top-tier multinational companies that successfully help them redeploy, value and sell their surplus assets globally, as well as facilitate the relocation or consolidation of their worldwide production facilities. Effective asset management backed by data analytics is critical to the ongoing health of industrial manufacturing operations in today's economic environment."
